STERILIZATION MONITORING SERVICE (SMS) AND SUPPLIES

**Biological Spore Strip Testing Kits and SMS**

Quala brand sterilization monitoring service from NEXADENTAL is an easy to use mail-in service that tests against highly resistant bacterial spores in all sterilizers. The two test strips and one control strip create a better, more effective test for you and your office.

- Two test strips for more comprehensive testing
- Postage-paid envelope for convenience
- Pre-printed labels for accurate reporting
- Test results available within 24 hours after incubation period with confidential results also available through a secure website
- Reminder calls when tests are missed

Monitoring Service mail-in kits are available in two options:

- Two test strips, one control strip plus pre-paid return envelopes (12 test or 48 test kits) OR
- One test strip, one control strip plus return envelopes without postage (52 test kit)

**Pre-Printed Labels for SMS Envelopes**

Save time and resources with our convenient pre-printed labels for your sterilization monitoring test envelopes! Pre-printed information helps assure more accurate reporting. Simply fill in a few test specific fields, affix the label to the test envelope, and mail as normal. Labels are provided free of charge when you purchase test kits.

**Pouches**

Pouches are made from medical grade, heavy-weight paper with a triple rail seal to prevent penetration by sharp instruments. Use with steam, chemical vapor and EtO Systems. External color indicator arrows for peace of mind. Use with NEXADENTAL’s biological monitoring service.

- **T-5551** 3.5” x 10” 200 pouches/box.
- **T-5552** 5.25” x 11” 200 pouches/box.
- **T-5549** 2.75” x 10” 300 pouches/box.

**Quala CSR Wrap**

Produced from natural cellulose fibers, Quala CSR wrap provides the highest barrier to airborne and water-borne bacterial contamination. Can be used with various methods of sterilization including Steam, ETO, gamma irradiation, and E-Beam. Blue/Autoclavable/Disposable.

- AD2440 2.25” x 4” 200 pouches/box.
- AD2790 2.75” x 9” 200 pouches/box.
- AD3554 3.5” x 5.25” 200 pouches/box.
- AD3590 3.5” x 9” 200 pouches/box.
- AD5410 5.25” x 10” 200 pouches/box.
- LAD2790 2.75” x 9” 500 pouches/box.
- LAD3590 3.5” x 9” 500 pouches/box.
- LAD5410 5.25” x 10” 500 pouches/box.

**Quality and Quantity Discounts**

**Instrument Sterilization Pouches**

**Dual Indicator** sterilization pouches feature process indicators that are printed internally and externally on each pouch and change color during sterilization to verify pouches have been processed. Pink arrows will turn brown when processed by steam. Blue arrows will turn gold/brown when ETO processed. These process indicators only measure temperature. Pouches are made from medical grade paper and feature blue tint film, solid seal and thumb notch.
